## RETURNS

Each product is fully guaranteed by the manufacturer. The complete warranty is included with the product. The manufacturers' warranty covers repair or replacement of defective parts, subject to the conditions set forth. On most items, J&R offers an exclusive 30-day exchange/refund policy to mail order customers only. The following products are not acceptable for credit, refund, or exchange and must be repaired by manufacturers' authorized service centers: TVs and monitors 20" and up, computer products, laser printers, and fax machines. To locate a service center near you, please refer to your product manual. Unused computer software may be exchanged for a different title, if unopened, with some exceptions. Defective computer software may be exchanged for same title only. Some software programs are not returnable to J&R under any circumstance and must be returned to the manufacturer. Car Stereo and electronic equipment should be "bench-tested" PRIOR to installation (units that have been installed, scratched, or abused WILL NOT BE accepted for return or credit!). Pre-recorded videotapes, videogames, cassettes, CDs, DVDs and laserdiscs may be exchanged for a different title, if unopened! Defective pre-recorded videotapes, videogames, cassettes, CDs, DVDs and laserdiscs may be exchanged for same title ONLY! Styli, phono cartridges, beepers and film are NOT acceptable for exchange, credit or refund.

If you are not satisfied with your purchase, you may return it for exchange or refund (excluding shipping and handling charges) within 30 days, subject to a return authorization from J&R (see exceptions above).

Returns are subject to a restocking fee, depending on the condition of goods and packaging material.

For an RA number (Return Authorization) on returns call Customer Service at 1-800-426-6027. All Returns require an authorization number. Please note that an RA# does not guarantee final disposition. All returns are subject to inspection.

All exchange/returned merchandise must be in original factory condition, including all packaging materials, inserts and manuals, warranty cards (not filled-out) and all accessories. Please do not tape or write anything on the item or the package! We will charge you for replacement of damaged, altered, missing, written-on or taped-on contents or cartons. We reserve the right to refuse any such returns.

Pack the products into a shipping box with plenty of packing material, and tape securely. Write the RA# issued by Customer Service clearly on the outside of the shipping carton.

Any merchandise returned to us unauthorized will be refused. Please ship your parcel back to us freight prepaid! We suggest that you use UPS Ground Service "Insured." Sorry, we cannot accept COD or freight-collect shipments. No goods will be accepted for exchange or return without authorization.

## MODEL & PRICES CHANGES

Manufacturers are constantly updating their product lines and eliminating some models. Should you learn of a new model on the market which is not listed in our catalog, please call us for information. In addition, manufacturers are continuously changing their cost prices. When prices are lowered, we will pass the savings on to you. If a price goes up, we may be obliged to increase our price. We will contact you in the event of a price change to secure your instructions. Please be assured that we will do our best to meet or beat any authorized competitors' price (on the same unit with proof of advertised price at the time of ordering). Price matching is only applicable to identical conditions of sale. The item must be in stock at the other authorized dealer (not a floor sample or "open box" item), not be a club "members price". We naturally do not match other dealer's typographical errors.

## MAIL PREFERENCE SERVICE

J&R respects your privacy. We sometimes make our customer list available to other companies offering products and services you might enjoy. If you do not want to receive such mailings, please let us know by sending us the complete address portion of the catalogue. Please include a brief note indicating that you would prefer for us not to forward your name to other companies. Send the complete address portion with your request to:
